LAUREN ROCHE

Funny and inspiring – this is an opportunity to hear a fabulous speaker share her own personal stories with warmth and compassion.

Lauren became a successful author in 2000 with the courageous and bestselling autobiography, 'Bent Not Broken'. Her story is an amazing inspirational insight into the resilience of the human spirit when life's challenges seem overwhelming.

Her first book 'Bent Not Broken' describes Lauren's turbulent childhood and adolescence as she struggled to deal with sexual abuse and rape, and her subsequent life as stripper and prostitute, before she turned her life around ... returning to high school and university, eventually graduating as a medical doctor.

It is an amazing true story of recovery and redemption.
